**The loudest playing
multiroom speaker**

[PRODUCT DESCRIPTION]

AUDIO PRO DRUMFIRE - Wireless WiFi Multiroom Speaker System - Works with Alexa - HiFi
Colours: Ash Black, Silk White, Dusk Grey

SUPERIOR MULTIROOM SOUND, PLAYED LOUDLY

[FULL DESCRIPTION]

DRUMFIRE

Sometimes nothing beats loud. Drumfire delivers a pure, bold sound with super crisp details. You will physically feel every little part of your music. But loud isn't everything, even listening at low levels, Drumfire will make your music come alive. As the Drumfire is a multiroom speaker, group two of them in a left/right setup and the concert will be on stage in your home, literally.

DESIGN

The design is classic rock n' roll. But with a sophisticated twist. Wrapped in faux leather, with handstitched threads and details in solid aluminium, Drumfire will blend naturally into any home environment.

MULTIROOM

Multiroom sound and multi person usage. Group and play, set to left/right for stereo pairs. Play all together. Or not. You choose.

APP CONTROL

It's easy to use. We know everybody says this, but this app truly is. From lightning fast setup to using, it's all smooth sailing.

TOP 3 FEATURES:

DYNAMIC AND BOLD

From the lowest lows to the highest highs, Drumfire delivers a rich stereo sound experience. And packs a massive punch.

MULTIROOM SOUND

Play one track on all speakers, or let everybody in the house play their personal favourite to their own speaker. Drumfire works with all Audio Pro multiroom speakers.

POWER AT YOUR FINGERTIPS

With 300W of amplifiers, 5 drivers and a separate subwoofer, Drumfire will get the party started. Just press play in the app.

[SHORT DESCRIPTION]

DRUMFIRE

Delivering the loudest multiroom sound yet, best check with your neighbours before playing. Drumfire delivers a pure and bold sound with stunning dynamics. You will feel every little part of your music, physically. This speaker will fill large rooms easily, and knock your socks off.
