# Belt Cable Duo USB-C to Lightning & USB-C

## About The Product

The ultimate cable you've been searching for is finally here. Solve all your power needs with the fastest, most sustainable, most universal charge ever. Designed for superior convenience and versatility, this unique multi-device cable houses USB-C and Lightning connectors in a single head and is built to the highest standard of durability to withstand even the most active all-day, all-device use.

## Why have we created Belt Cable Duo?

We finally made the impossible cable possible. We worked hours on end to craft this unique 2-in-1 design with both connectors on the same head – a first-of-its-kind rare combination never before seen on the market. While many multi-device cables require attaching and detaching adapters, our patented metal pin mechanism enables the easiest way to switch between connectors with one swift motion. Streamlining your charging experience for all your devices with Belt Cable Duo, the apex of all cables that we've been dreaming of.

## Thoughtfully designed to fit your lifestyle

- The only cable you'll need: sync & charge all your devices with a single, powerful 2-in-1 cable
- Supports high-speed Power Delivery charging up to 60W for Type-C laptops & fast-charges your iPhone up to 50% iPhone in under 30 mins
- Your most durable cable ever with reinforced braiding made of ultra-strong aramid fibers
- Made better for the Earth with an innovative eco-friendly construction: 100% recycled PET braiding, recycled housings (100% rTPU & 20% rTPE) & 75% recycled bonded leather strap
- Patented Slide Lock technology to swiftly & safely switch between connectors
- Stay tangle-free with recycled bonded leather strap
- Choose quality: Apple MFi certified connector

## Product Specs

### Included In The Box:

- 4.9ft / 1.5m USB-C to USB-C & Lightning cable

### Tech Specs:

#### Compatibility:

- USB-C port
- All Apple Lightning devices
- All USB-C devices
- Max Wattage: 60W
- Data transfer: USB 2.0

#### \*\*\*Why Slide Lock technology?

- To automatically and securely switch the power between the two connectors when you plug in a device
- To ensure safe charging and keep your devices protected
- To meet MFi regulations, for quality you can depend on

**Product Materials:** Recycled PET, recycled TPU, recycled TPE, recycled bonded leather strap, DuPont™ Kevlar® fiber

### Product Dimensions:

Cable Length: 4.9 ft / 1.5 m  
Width: 1.48 in / 3.75 cm  
Weight: 1.76 oz / 44.2 g

### Packaging Dimensions:

Height: 178.5 mm  
Width: 65 mm  
Depth: 30 mm  
Weight: 100 g
