

Take your workouts to the next level with the new JBL Endurance series. From city runs to the most demanding workouts, the Endurance Zone, Endurance 3 BT, and Endurance Run 3 Type C offer topnotch sound, long-lasting comfort, and resistance to sweat, water, and dust. With a secure fit, technology that keeps you connected, and all-day battery life, they are every athlete's ultimate ally.

#### **Endurance Zone**

Their dynamic sound, all-day comfort, and rugged design will inspire you to push your physical limits and beyond. JBL OpenSound technology powers your workout with dynamic sound from a perfect listening angle that keeps your ears free but aware of your surroundings. The comfortable, lightweight design helps you exercise for hours, while the secure ergonomic curve of the ear hook and waterproof, dustproof, and sweatproof construction allow you to exercise as long and as hard as you want, even in the rainiest weather conditions. Stay focused on your goal with a combined battery life of up to 32 hours.

# **Key features**

- IP68 durability: Complete protection from water, sweat, and dust—ready for any challenge.
- Open Sound design: Enjoy rich sound without isolating yourself from your surroundings—ideal for outdoor workouts.
- Up to 32 hours of battery life + Speed Charge: 8 hours of continuous playback + 24 hours with the case, and 3 hours of music with just 10 minutes of charging.
- Superior Drivers & Adaptive Bass Boost: Enhanced drivers and a smart algorithm that dynamically adjusts the bass for clear, powerful JBL sound on every beat.

### **Endurance RUN 3 BT**

With wireless functionality, JBL Endurance Run 3 Wireless gives you the boost you need to push your limits with powerful JBL sound, customizable through the JBL Headphones App. Thanks to the FlipHook<sup>TM</sup> design, they can be easily adjusted to fit either in-ear or behind the ear for greater comfort.

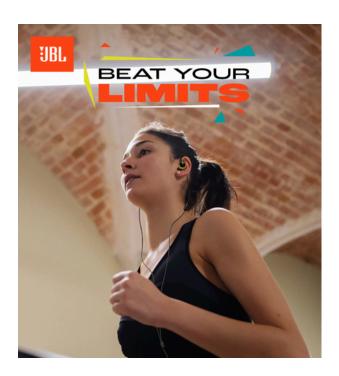

The combination of soft, comfortable ear cushions and TwistLock<sup>TM</sup> technology ensures that the headphones never cause discomfort or fall out. With IP65 waterproofing (dust and water resistant), they'll be with you every step of the way—a few drops won't ruin your workout.

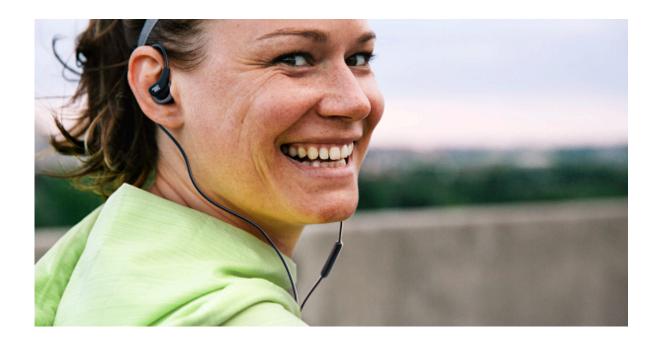

# **Key features**

- FlipHook™ & TwistLock™ Technology. Ergonomic design with FlipHook™ and TwistLock™ technologies ensures a perfect fit, absolute stability, and comfort—even during the most intense workouts.
- IP65 Dustproof & Water Resistant. Sweat, rain, and dust resistant for training without limits wherever you are.
- Up to 25 Hours of Wireless Playback + JBL Headphones App. Experience signature JBL sound for up to 25 hours, while the JBL Headphones App lets you customize EQ, features, and updates to suit your style.

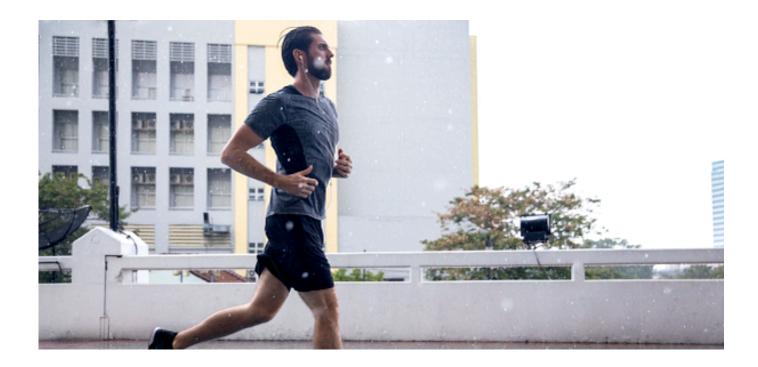

## **Endurance RUN 3 Type C**

Results matter—and when you have the perfect headphones, nothing stands between you and your workout. With the FlipHook<sup>TM</sup> design, they easily adjust to fit either in the ear or behind the ear for added convenience. The combination of comfortable, soft ear tips and TwistLock<sup>TM</sup> technology ensures that the headphones fit securely and never hurt or fall out. And if you think a few drops will ruin the Endurance Run 3C USB–C, think again. Thanks to IP65 certification for dust and water resistance, they'll follow you every step of the way.

# **Key features**

- FlipHook<sup>™</sup> & TwistLock<sup>™</sup> Technology
- The ergonomic design with FlipHook™ and TwistLock™ technologies provides a secure fit and comfort, so you can move freely without worrying about your headphones.
- IP65 Dustproof & Water Resistant
- Sweat, rain, and dust resistant perfect for training in any environment, inside or outside the gym.
- Compatible with USB-C Devices
- Easily connect to your PC, mobile phone, or tablet via the USB-C port and enjoy clear JBL sound and stable performance without delays.

#### **About WaveMotion S.A.**

WaveMotion is a public limited company that imports technology products. It is based in Athens and operates in the fields of smart electronics, high technology, sound, and image. The word WaveMotion brings to mind words such as: sound, light, image, power, speed, and entertainment. Just as waves move constantly and rapidly, so does technology evolve in the fields of sound, image, telecommunications, and information technology. WaveMotion's goal is to provide the Greek market with high-tech products that combine cutting-edge technology with aesthetics and modern design. Today, WaveMotion is the official distributor in the Greek market for the following international brand names, which are leaders in their field: harman/kardon, JBL, Kef, Q Acoustics, Audio Pro, QED, Goldring, rapoo, Native Union, and Livall.

### **About HARMAN**

HARMAN (harman.com) designs and manufactures products and solutions for automotive. consumers and businesses worldwide, including connected car systems, audio and video products, enterprise automation solutions and services that support the Internet of Things. With leading brands such as AKG®, Harman Kardon®, Infinity®, JBL®, Lexicon®, Mark Levinson®, and Revel®, HARMAN is admired by audio enthusiasts, musicians, and entertainment venues around the world. More than 50 million cars on the road today are equipped with HARMAN audio systems. Our software services support and are compatible with billions of mobile devices and systems that are connected, integrated, and secure across all platforms, from home to car to mobile. HARMAN approximately 30,000 employs throughout the Americas, Europe, and Asia. In March 2017, HARMAN became a subsidiary of Samsung Electronics Co., Ltd.
