

The new JBL GO5, Xtreme 5, and Partybox 130 have just arrived!

A fresh new design and an even more powerful, immersive sound for every moment!

Three new releases you've been waiting for! The new GO5, Xtreme 5, and Partybox 130 Bluetooth speakers—the first two being major upgrades to some of our most beloved models—and the brand-new Partybox are here to change the game. The JBL Xtreme 5 and GO5 combine JBL's legendary sound with a refreshed look and new perimeter lighting, so you can take the party wherever you go. The Partybox 130 gets you ready for even more hours of fun with upgrades to both its design and durability. Top-tier sound and an atmosphere that fits perfectly.

Down to the very last detail, the JBL Go 5 is designed to sound great. With brand-new ambient perimeter lighting and built-in visual indicators that make it easy to check if your speaker is on, connected, low on battery, or in Auracast™ mode. The new airtouch feature lets you instantly pair two GO5 speakers with a single touch for stereo sound from two directions

Key Features

- Mood-boosting ambient lighting
- Up to 10 hours with Playtime Boost
- All certifications (dust, water, and drop resistance)
- Instant AirTouch stereo pairing
- Connect and play with Auracast™
- Clear sound with lossless playback
- Customize with the JBL Portable app
- Recycled plastic, PVC-free, and FSC-certified paper packaging
- Compatible with the JBL EasySing microphone

Turn up the volume wherever you are with the latest model in the Xtreme series. Now with 10% deeper bass and louder sound compared to the previous generation, your favorite songs sound even better. With two tweeters, a subwoofer, and improved output power, it delivers dynamic sound, while the AI Sound Boost feature minimizes distortion at high volumes. The Xtreme 5 raises the bar, featuring new ambient lighting and built-in visual cues, so you can set the mood just the way you want it.

Key Features

- The legendary JBL sound, made even more powerful with AI Sound Boost
- Up to 28 hours of playback
- Shoulder strap with swivel hooks
- Waterproof, dustproof, and drop-resistant
- Ambient light sets the mood
- Smart EQ mode
- Lossless audio playback
- Turn up the volume with Auracast™
- Charge with the built-in power bank
- Customize it with the JBL Portable app
- Made from recycled plastic and fabric

The new JBL PartyBox 130 is here to take any summer party to the next level, whether it's by the pool, in the park, or in your backyard. Equipped with new AI Sound Boost technology, it analyzes the sound in real time so that the bass stays clear, loud, and accurate even when the volume is cranked up to the max. With up to 15 hours of music playback, a quick charge provides about 80 minutes of playtime, and the ability to swap out the battery means your parties never end!

Key Features

- Mood-boosting ambient edge lighting
- Up to 10 hours with Playtime Boost
- Full protection (against dust, water, and drops)
- Instant AirTouch stereo pairing
- Connect and play with Auracast™
- Clear sound with lossless playback
- Customize it with the JBL Portable app
- Recycled plastic, PVC-free, and FSC-certified paper packaging
- Compatible with the JBL EasySing Mic Mini

About WaveMotion S.A.

WaveMotion is a public limited company that imports technology products. It is based in Athens and operates in the fields of smart electronics, high technology, sound, and image. The word WaveMotion brings to mind words such as: sound, light, image, power, speed, and entertainment. Just as waves move constantly and rapidly, so does technology evolve in the fields of sound, image, telecommunications, and information technology. WaveMotion's goal is to provide the Greek market with high-tech products that combine cutting-edge technology with aesthetics and modern design. Today, WaveMotion is the official distributor in the Greek market for the following international brand names, which are leaders in their field: harman/kardon, JBL, Kef, Q Acoustics, Audio Pro, QED, Goldring, rapoo, Native Union, and Livall.

About HARMAN

HARMAN (harman.com) designs and manufactures products and solutions for automotive, consumers and businesses worldwide, including connected car systems, audio and video products, enterprise automation solutions and services that support the Internet of Things. With leading brands such as AKG®, Harman Kardon®, Infinity®, JBL®, Lexicon®, Mark Levinson®, and Revel®, HARMAN is admired by audio enthusiasts, musicians, and entertainment venues around the world. More than 50 million cars on the road today are equipped with HARMAN audio systems. Our software services support and are compatible with billions of mobile devices and systems that are connected, integrated, and secure across all platforms, from home to car to mobile. HARMAN employs approximately 30,000 people throughout the Americas, Europe, and Asia. In March 2017, HARMAN became a subsidiary of Samsung Electronics Co., Ltd.
