June 16th

Premium sound, now better than ever: The new Luna 2 & Soundsticks 5

Summer is here, and harman/kardon offers you the ultimate portable Bluetooth speaker, the Luna 2, for your outings, as well as a premium speaker system featuring the Soundsticks 5 to take your audio experience to the next level at home.

Luna 2

The ultimate lifestyle Bluetooth speaker, the Luna 2 combines elegant design, recycled materials, and modern technology in a small, portable home speaker that delivers crystal-clear sound. Refreshed with soft edges, it's comfortable to hold and easy to carry.

A subtle ambient light at the bottom of the speaker adds a sense of levitation and a calming touch of light, enhancing its aesthetic and allowing it to blend harmoniously into any space.

With the addition of AI Sound Boost, it automatically analyzes and adjusts the music in real time to deliver deeper bass and a fuller dynamic range without distortion, even when you turn the volume all the way up. With up to 12 hours of battery life on a single charge, the Luna 2 plays music from your first coffee until you go to sleep. Whether you're relaxing on the balcony or dancing in the living room, you can have your music with you all day long.

Key features

- Robust construction with a sleek design
- Superior sound performance with AI Sound Boost
- Up to 12 hours of battery life
- Ambient lighting
- Bluetooth music playback
- Multi-speaker connection with Auracast™ technology
- Stereo pairing with AirTouch™
- IP67 waterproof and dustproof
- Harman Kardon One app

Soundsticks 5

The SoundSticks 5 revamp the iconic design of the SoundSticks series, featuring a fully transparent dome available in a selection of stylish colors to suit your taste, accented by premium metal details.

Beyond its iconic design, it delivers a truly exceptional 2.1-channel audio experience via Bluetooth®. Deep, powerful bass, lively midrange, and crystal-clear highs bring out every track with unique richness and detail, creating the perfect atmosphere for any moment.

The Harman Kardon One app makes it easy to set up and personalize your experience, from sound settings to lighting. With the ability to adjust the EQ, manage all your compatible speakers from a single, user-friendly interface, and perform software updates quickly and easily—all from the comfort of your smartphone.

Key features

- Exceptional sound with 3-way speakers
- Dynamic light show
- Bluetooth® streaming
- HDMI ARC connection with a single cable
- Harman Kardon One app
- Multi-speaker connection via Auracast™
